Equestrian endurance

In its 72nd year, the Libramont Fair will be hosting endurance racing, an equestrian sport which is on a real roll and has become the second most popular equestrian discipline. Excellent performances by the Belgium team have made Libramont hungry for more and they are now impatiently awaiting the arrival of the courageous Arab horses.

- 700 exhibitors including more than 100 international exhibitors
- more than 100000 m² of equipment and products
- more than 3500 animals
- 153.531 visitors

Presentation of the Fair

The agricultural, forestry and agri-food Fair of Libramont is a **huge open-air exhibition** and a true **showcase for the rural world** all its many shapes and forms (machinery, livestock breeding, forestry, the agri-food industry, horticulture, study, research, education, culture and more). **It is unequalled throughout Europe.**

The growth of the Fair

The very first Libramont Fair was held in 1926 to promote the Ardennes draught horse. Since then it has grown (from 160 horses, 3 exhibitors and ten thousand visitors in 1927 to 550 exhibitors and 150000 visitors in 2002) expanded (30% of additional exhibitor space as compared to 2003) and diversified to become THE reference for all involved in the rural world.
