Announcement

YOU ARE INVITED...

Dear Colleagues and Friends,

You are cordially invited to the Symposium on Systems for the Safe Production of Agro-Products for the 2008 Olympic Games in Beijing. This international workshop will provide you an opportunity to interact with world-class experts in the related areas.

The 29th summer Olympic Game will be held in Beijing in 2008. Entrusted by the Beijing Association for Science and Technology, Agriculture and Agri-Food Canada and the Beijing Academy of Agricultural & Forestry Sciences will organize this symposium to address the role of systems for the safe production of agro-products to ensure the Games with safe and fresh food supplies. The symposium will be held during 17th to 20th, September 2005 in Beijing.

The symposium aims to bring scientific professionals and technical specialists together for exploring innovative strategies, exchanging advanced technologies and determine appropriate standardizations in the production of safe agro-products during and after the Olympic Games.

The symposium will also be a great opportunity to promote scientific and technical communications and collaborations on the safety of agricultural production both nationally and internationally, so as to support the Olympic Games 2008.

We will do our best to collect information and suggestions for safe agricultural production from all participants and to improve our systems for safe-production of agro-products.

This symposium not only offers a great platform to network and establish collaborative partnerships but also provides opportunities to experience the finest in Chinese hospitality and cultural varieties.

On behalf of the organizing committee, we look forward to seeing you in Beijing.

Xiaoping TIAN
President
Beijing Association for Science and Technology
